Communication is the manager's most important activity and he/she spends 90% of his/her time on it. Yet it is amazing how ineffective many managers are at the process. With effective communication, managers can make people, department and organization work more efficiently. This course is designed to teach managers effective skills in communications and to improve their communication styles.

This program includes:

- Managerial problems of communication
- The Communication Process
- Tools and methods for effective communication
- Individual communication in building Harmonious relations on a planned basis

Learning Outcomes

After attending this training program, you will be able to:

- Understand the need of effective communication and why it is challenging
- Comprehend the complete communication process
- Recognize the various barriers in communication and develop strategies to overcome them
- Uncover and define your own communication style
- Using verbal and nonverbal communication

Who Should Attend:

The course is open to managers at all levels and from all departments
